

NOVUX™ Hardened Terminals Ordering Guide

COMMScope®

Welcome to the NOVUX Hardened Terminals ordering guide.

NOVUX Hardened Terminals (HT) were created to give providers the agility and flexibility to keep pace with today's rapidly changing network environment.

In a single platform, HT brings many advantages:

- Up to 40% smaller footprint
- The widest variety of technologies available from a single platform
- Application flexibility for new builds and upgrades
- Designed and built to be ready for the field workforce of the future
- Backed by an agile global supply chain with a common platform design and processes

The HT portfolio contains single-fiber, multi-fiber, optical tap, and fiber indexing terminals. All are designed to adapt to your particular application—they share connection capabilities, a unique product information system, a mounting platform, and customer configurability. The HT portfolio also allows you to choose your connectivity and cable option, because each NOVUX hardened terminal accepts:

- Full-size single-fiber connectors
- HMFOC multi-fiber (2-12 fibers) connectors
- Cables from 5 mm to 18 mm round
- Terminal front port options include full size adapters, multi-fiber HMFOC jacks or a mix of single and multi-fiber

Whatever the application, however they're deployed, NOVUX Hardened Terminals are ready to bring ultimate flexibility to your plug-and-play FTTH solutions. HT adds value for providers today, and long-term profitability in the decades to come.

CommScope is a world leader in communication infrastructure solutions, and this portfolio is the result of our four-decades' experience shaping FTTH networks, solutions, and products. CommScope's NOVUX Hardened Terminals ordering guide was created to help network planners and engineers select the hardened terminal that best suits their specific application needs, with a focus on conversion from MST terminals. During your network planning process, please keep in mind that on-demand NOVUX HT configurations are available—just contact your CommScope representative to discuss your specific needs.

NOVUX hardened terminals, multi-fiber

Common drop cables for use with HT terminals

2-fiber hardened drop cable (HMFOC to LC duplex)

Used to Connect MHT (2-fibers per port) to Small Cell Remote Radio Unit

Description	Length	Part Number
2-Fiber Singlemode Hardened Drop Cable: HMFOC to LC Duplex Connector	1 m (3')	DFJ-2S320-1M
	3 m (10')	DFJ-2S320-3M
	4 m (13')	DFJ-2S320-4M
	5 m (16')	DFJ-2S320-5M
	10 m (33')	DFJ-2S320-10M
	15 m (49')	DFJ-2S320-15M
	20 m (65')	DFJ-2S320-20M
	25 m (82')	DFJ-2S320-25M
	30 m (98')	DFJ-2S320-30M
	50 m (164')	DFJ-2S320-50M

12-fiber hardened drop cable (HMFOC to LC duplex)

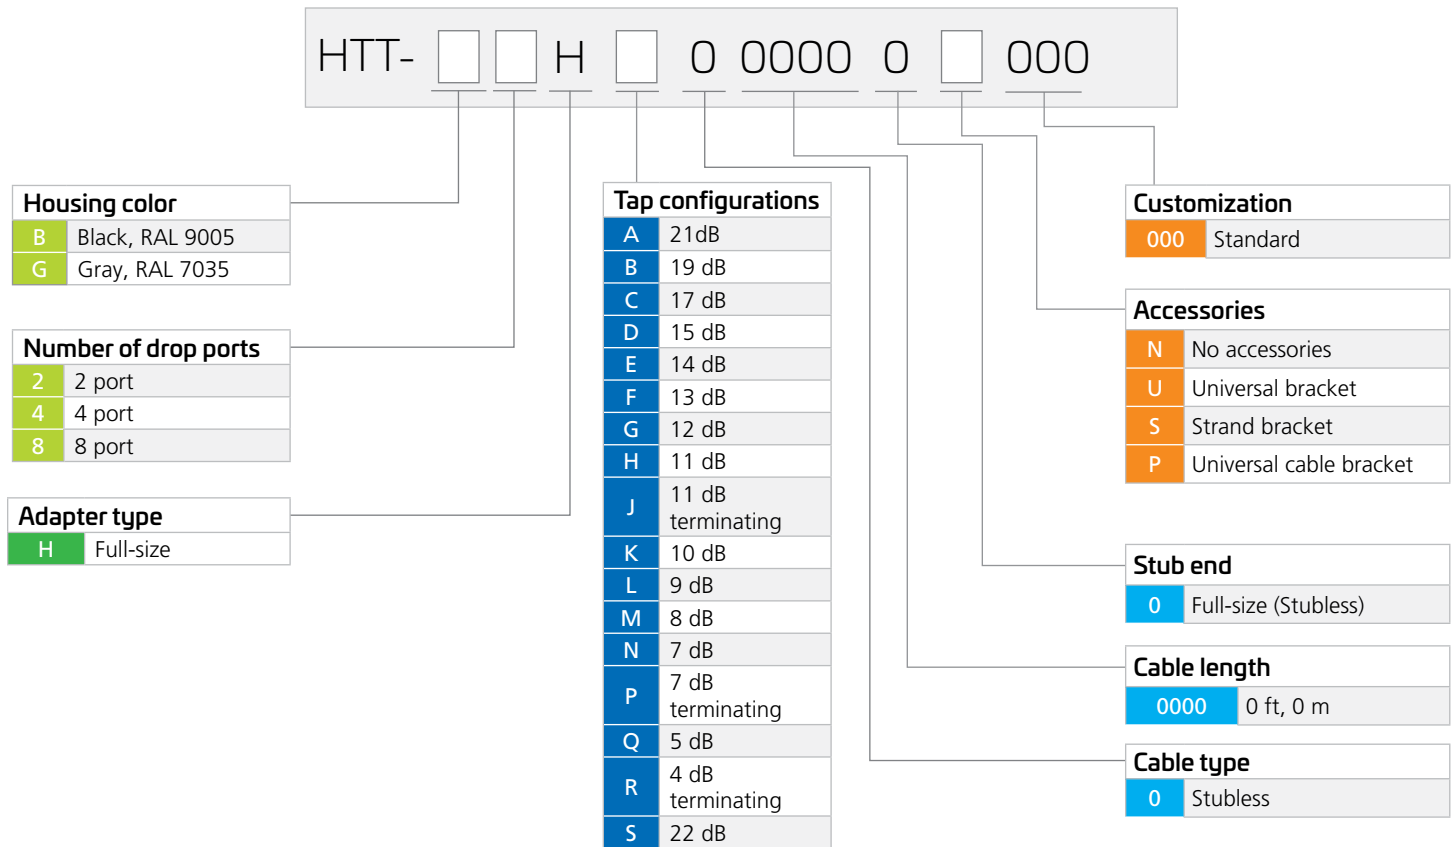

Used to Connect MHT (12-fibers per port) to Small Cell Remote Radio Units

Description	Length	Part Number
12-Fiber Singlemode Hardened Drop Cable: HMFOC Plug (non-pinned) to Six LC Duplex Connectors	5 m (16')	MHBD-F0A1A-0005M
	15 m (49')	MHBD-F0A1A-0015M
	20 m (65')	MHBD-F0A1A-0020M
	30 m (98')	MHBD-F0A1A-0030M
	55 m (180')	MHBD-F0A1A-0055M
	95 m (311')	MHBD-F0A1A-0095M
	182 m (600')	MHBD-F0A1A-0600F
	396 m (1300')	MHBD-F0A1A-1300F
